and filler  
sprayer -  
all in one*

**PERFORMANCE**  
series

**TITAN™** **3** YEARS GUARANTEE

## Benefits:

- » The 1650e is our most powerful electric unit, ideal for large constructions sites for paint or filler applications.
- » Fully equipped with digital display and tilt cart. Capable of supporting two guns.
- » Thanks to the low positioned inlet valve the suction power is strong. This makes the 1650e a perfect unit for high viscosity materials.
- » Specially developed for small and medium sized filler jobs until 200 m<sup>2</sup>.
- » Sprayable materials: interior wall paints, facade paints, undercoats, contact paints / primers, fabric adhesives, airless spraying fillers, corrosion proofing, bitumen, flame-proofing, foundation insulation, floor and roof coatings as well as standard paints
