RUPES

LHR 75E MINI

Details: the LHR 75E is the polisher for difficult shapes and for spot repair operations.

The LHR 75E is a must for any detailer wishing to obtain perfect results, even in the most difficult areas.

The 12 mm orbit, combined with RUPES accessories and consumables, achieves quick results on areas such as mudguards, front panels, etc.

The attention to detail is not limited to just the **innovative and attractive design**. The modern lines and exceptional technical quality are combined with a number of details that are the result of meticulous research aimed at achieving maximum operator comfort. The non-slip rubber inserts are numerous and have many functions. In particular, the insert on the machine body is used to support the polisher when placed on a surface. With its nonslip rubber inserts in the front cover, the LHR 75E is perfect for all polishing operations in difficult to reach zones. The operator can work in comfort to produce the best results possible.

GLOSS ENHANCE
